VISION

Stark State College will be a leader in higher education and a catalyst for economic growth and community prosperity.

MISSION

Stark State College provides quality, high-value associate degrees, certificates, and professional development in a diverse, student-centered learning environment. The College is dedicated to lifelong learning; affordable, transferable higher education; and career success. Stark State College advances quality of life through access, academic success, stewardship, and business and community partnerships.

ENROLLMENT

15,452 credit students
(official fall 2013 enrollment)

ACCREDITATION

Stark State is accredited by the Higher Learning Commission and is a member of the North Central Association of Colleges and Schools. Many of our technology programs also are accredited by their respective licensing/accrediting organizations.
