**Comments:** Curriculum at Stark State College will satisfy state requirements. Additionally, there may be other requirements to sit for certification such as work experience, background checks, etc.

Professional certification requirements vary state-to-state. Stark State College cannot guarantee that completion of the Firefighter Program will meet the criteria for all states. States may require additional training to become certified Firefighters in their state. Students wishing to move outside the State of Ohio should contact their destination state's certifying agency for any additional requirements that may be needed.
