Comments: Curriculum at Stark State College will satisfy Ohio state licensure requirements. Additionally,

there may be other requirements to sit for licensure/certification such as background checks, etc. Professional licensure requirements vary state-to-state. Stark State College cannot guarantee that graduates of the respiratory care program meet the criteria for all state licensing boards. Respiratory care students from outside the state of Ohio should contact the Board in their state of residence to understand regulations prior to enrolling in Stark State College's program.
